Gannon Dunkerley & Co., Ltd.

Brief *History* of Gannon Dunkerley & Co., Ltd.

Gannon Dunkerley & Company initially incorporated as a Private Ltd. Company in 1924 was converted to Public Ltd. Company in 1948, after taking over by Indian Management.

Gannon carved out its name in the Civil Construction arena, after diversification and gradually made its presence felt in all major sectors of construction throughout the country to match the Clients' aspirations in all Major Industries, Building sectors, Infrastructure, Water Treatment, etc.

GDCL developed confidence with successful completion of several major Civil Construction projects including RCC Bowstring girder bridges in South India with own in-house design. The Company also constructed major irrigation and hydroelectric projects, water works and large factory buildings. The Company pioneered in precast RCC Construction. From 1950 onwards Civil Engineering Construction became the main thrust in the Company's business. In order to undertake turnkey projects, the Company started its Mechanical and Electrical Division in mid 50s, to provide an integrated solution for industries, as a preferred partner of large business houses. In mid 70s the Company diversified into environment sector by building water treatment plants on turnkey basis. In 1990, the Company proudly contributed to the modernization of Indian Railways by establishing a pre-stressed concrete sleeper factory at Rayagada (Odisha). The Company has also taken keen interest in providing efficient material handling systems viz.

the baggage conveyor belts at all major airports across the country.

The Company re-entered Infrastructure Sector in Highways, Railways, Bridges/Flyovers across the country. With the confidence and experience gained over the years, the Company also took up irrigation projects viz. canals.

The Company has acquired IMS certification covering ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 to project itself as a Quality, Safety and Environment compliant construction company, reinforcing Clients confidence.

Gannon has a distinct privilege of successfully executing over 3000 projects with Company's regular present strength of over 4200 technical and commercial personnel excluding labour and muster staff employed by project sites directly as per need.

The Company has four Engineering Divisions located in Delhi, Mumbai, Hyderabad and Kolkata besides Material Handling Division in Kolkata and Water Treatment Division in Delhi to cater to the needs of Clients across the country.

Shri H. L. Pandey	Executive Director
Shri R. P. Agarwal	Vice President (Finance) & Co. Secretary
Shri Avinash Sunil J. D'Sa	General Manager (Co-ordination)

Taking the *Construction* to New Heights

It is indeed a matter of pride that the Company has grown in volume both in stature as well as area of operations during the last decade. This has been made feasible with Company's commitment to build value for the Clients, using the latest technology in the country. The Company based on feedback and confidence, has selectively taken up a few overseas projects.

In line with the Company's policy, Division wise management of projects from four ideal locations in Delhi, Mumbai, Kolkata and Hyderabad is certainly providing the farthest reach to the Clients, who plan to grow their Industrial plants in remote areas. We are sure, with our highly qualified, experienced and competent Technical and Commercial manpower, resources, latest technology utilization and most modern plant and machinery, the Company would positively continue to be one of the leading construction companies in India.

Executing all projects within time schedule while adhering to the Safety, Quality, Environment and Occupational Health norms has been our philosophy and mission. With introduction of Integrated Management System incorporating "ISO" certifications and pride of executing over 3000 projects successfully, our efforts will continue in future towards greater Client satisfaction.

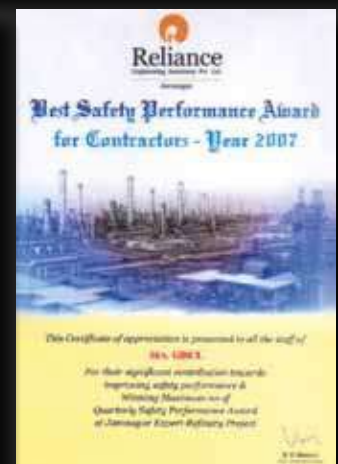

We in Gannon certainly look forward eagerly to the continued support of our valued Clients in all sectors of construction. Our fulfilled promises and growing confidence are the strengths of the Company on which we shall continue to "Build Value" for all our Clients and stake holders.
